LATERAL OPENING NOTICE

The Kester Ditch Laterals are scheduled to open on Monday, April 13, 2026. Please remember, the water will be dirty and have debris for approximately the first week.

As a reminder, it is best to keep any Takes and Laterals closed for 2-3 days after water reaches it in order to flush any remaining debris in the ditch through the main ditch. If anyone needs to fill any ponds after the first few days of flow, we ask that you please do it SLOWLY and respect others on the ditch who may be doing the same thing. Filling slowly also helps avoid the potential for a large fish kill due to thermal shock when ponds are filled too quickly.

Please let us know if you have any questions. You can reach us at aballowe@romero-group.com or 970-717-0004.

Thank you!
